Response

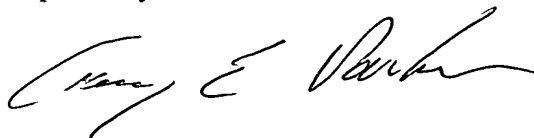

Sir:

In response to the Office Action dated November 24, 2004, Applicants submit herewith a replacement sequence listing CRF (diskette). The replacement CRF lists 53 sequences. The content of the replacement CRF is believed to be identical to the paper copy originally filed in this application.

The enclosed diskette is a duplicate of the replacement sequence listing CRF (diskette) submitted to the Office with Applicants' Amendment dated June 11, 2004. The Amendment, diskette, and related papers were received by the Office on June 14, 2004. A copy of the return postcard, date-stamped by OIPE, is enclosed.

Applicants believe that this application is now in condition for allowance. If for any reason the Examiner feels that a telephone conference would expedite prosecution of the application, the Examiner is invited to telephone the undersigned at (206) 442-6673.

Respectfully Submitted,

A handwritten signature in black ink, appearing to read "Gary E. Parker". The signature is fluid and cursive, with the first name "Gary" and last name "Parker" being more prominent than the middle initial "E".
